PRINCIPAL I/C

The aim of education is to produce responsible citizens of a country. Every child is unique. Each child grows at its own unique pace. Some children exceed in academic performance while other exceed in co-curricular activities. The newsletter is a medium that reflects the achievement of students in numerous activities.

I would also like to extend my gratitude to Sh. S K Chopdar, Deputy Commissioner, KVS, RO, Tinsukia for his valuable support and guidance.
